5.3

5 Ecoinvent 3-allocation at point of substitution–unit

Diesel, burned in building machine {GLO} processing APOS, U
Diesel, low-sulfur {RoW} diesel production, low-sulfur, petroleum refinery operation APOS, U
Hard coal {CN} hard coal mine operation and hard coal preparation APOS, U
Heat, district or industrial, other than natural gas {RoW} heat production, at hard coal industrial furnace 1-10MW APOS, U
Pig iron {RoW} pig iron production APOS, U
Transport, freight, lorry 3.5-7.5 metric ton, EURO5 {RoW} transport, freight, lorry 3.5-7.5 metric ton, EURO5 APOS, U
